100th TAVR Procedure Performed

On April 11, 2017 Covenant HealthCare completed our 100th Transcatheter Aortic Valve Replacement (TAVR). The TAVR is a procedure that replaces a heart valve without ever cutting into the chest. Covenant Cardiology and MCVI are collaboratively working together on these procedures. In September 2014, Covenant HealthCare became the first hospital in the Great Lakes Bay Region to Perform the TAVR procedure. For additional information about the TAVR procedure please contact Covenant Cardiology at 989.497.9395 or MCVI at 989.754.3000
